YOUR NAMIBIA ADVENTURE ITINERARIES

Starting in the Namibian capital of Windhoek, you can choose from two contrasting adventures. With each tour lasting 8 days, both are designed to take in the best the North and South has to offer.

NAMIBIA NORTH TOUR COAST & ELEPHANTS

The focus here is clearly on Namibia's rich and impressive wildlife. With visits to both the imposing Okonjima Nature Reserve and the spectacular Etosha National Park, you can expect to see Africa's big five (lions, elephants, Cape buffalo, leopards and rhinos), as well as a host of other captivating wildlife in their natural habitat. And of course, no trip to Africa would be complete without seeing the beautiful and majestic African elephant.

A trek across the challenging great sand passages will take you to one of the largest fur seal colonies in the world. It's also here that you'll be able to witness two of nature's greatest forces coming together, as the expanse of the Namib desert meets the might of the South Atlantic Ocean resulting in mystical fog banks that sweep over the coastline.

NAMIBIA SOUTH TOUR DUNES & FLAMINGOES

This tour combines the best of Namibia's wildlife along with its remarkable geological phenomena. With visits to the world's oldest desert, The Namib. One of the world's tallest sand dunes in Sossusvlei, and the world's largest desert, the Kalahari. This promises to be eye-opening tour of epic proportions.

Then with stops at the Namib-Naukluft Park, Africa's largest wildlife park, and the Erongo mountains, guests will be able to see a stunning assortment of wild game as well as over 300 varieties of bird species. Highlights include the yellow-billed hornbill, the colourful lilac breasted roller and the crimson boubou. A delight for any genuine ornithologist.
